ROHIT KUMAR AGARWAL

LEAD FUNCTIONAL ASSOCIATE

PROFESSIONAL SUMMARY

Dedicated ERP Application Support Lead with 10+ years of experience in ERP support, incident management, root cause analysis, escalation handling, and SLA-driven service delivery. Proven ability to lead support teams, manage end-to-end ticket lifecycles, and drive process improvements to ensure business continuity and operational efficiency. Proficient in Salesforce Service Cloud, Freshdesk, SQL, Oracle Database, Crystal Reports, and DevExpress Reporting. Promoted from Senior Functional Associate to Lead Functional Associate in recognition of strong leadership, problem-solving skills, and consistent operational excellence.

KEY HIGHLIGHTS

- 10+ years of experience in ERP Application Support across L1, L2, and Team Lead roles.
- Promoted to Lead Functional Associate in recognition of strong performance, leadership, and operational excellence.
- Expertise in Incident Management, SLA Adherence, Ticket Prioritization, Root Cause Analysis, and Escalation Management.
- Hands-on experience with Salesforce Service Cloud, Freshdesk, Oracle Database, SQL, Crystal Reports, and DevExpress Reporting.
- Skilled in developing Knowledge Base Articles (KBAs), Standard Operating Procedures (SOPs), and user training documentation.
- Proven ability to collaborate with business stakeholders, support teams, and technical teams to drive issue resolution.
- Strong background in team mentoring, process optimization, performance monitoring, and service delivery management.

WORK EXPERIENCE

Ginni Systems Limited2023 – Present
Lead Functional Associate

- Lead and mentor the L1 support team, ensuring effective task allocation, prioritization, and performance management.
- Monitor team KPIs, SLA compliance, and ticket resolution metrics; provide performance insights and recommendations to management.
- Investigate and resolve complex Level 2 ERP application incidents escalated from the L1 support team.
- Perform root cause analysis (RCA) and implement preventive measures to reduce recurring issues.
- Drive process improvement initiatives to enhance operational efficiency and service quality.
- Develop and maintain Knowledge Base Articles (KBAs), troubleshooting guides, and support documentation.
- Collaborate with L3 technical teams and business stakeholders to ensure timely issue resolution and business continuity.
- Conduct onboarding, knowledge-sharing sessions, and technical training for support team members.
- Support ticket management and workflow monitoring through Freshdesk and Salesforce Service Cloud.
- Engage with end users to gather requirements, troubleshoot issues, and provide effective resolution guidance.

Ginni Systems Limited**2015 – 2023***Senior Functional Associate / Executive – Helpdesk*

- Managed end-to-end ERP support tickets, ensuring SLA compliance and timely incident resolution.
- Coordinated with L2 and L3 teams to investigate, escalate, and resolve application issues.
- Created and maintained Knowledge Base Articles (KBAs) and support documentation.
- Provided professional end-user support throughout the incident lifecycle.
- Participated in functional and technical training to enhance product and domain knowledge.
- Performed data validation, analysis, and troubleshooting using SQL and Oracle databases.
- Utilized Toad for Oracle to query ERP databases and verify data integrity.
- Executed SQL queries on POS databases to validate transactions and investigate issues.
- Designed and customized reports using Crystal Reports and DevExpress (Xtra Reports) based on client requirements.
- Assisted in Freshdesk ticket management and workflow monitoring.

CERTIFICATIONS & TRAINING

- Salesforce Service Cloud – In-house training and support operations
- Freshdesk Ticketing Platform – Ticket lifecycle management, workflow management, SLA monitoring, and escalation handling
- ERP Application Support – 10+ years of hands-on experience across Retail ERP modules, incident management, troubleshooting, user support, and business process operations
